Advantages of Being a Winner.

Consumer Choice Award is more than an award company, it is an organization that helps winners tell their story, advertise their success, promote their brand, and grow your bottom line. These are the advantages only you as a Consumer Choice Award winner has access to.

1 Differentiate Against Your Competitors

With only one winner in each category per city, there truly is no greater differentiator in the market today.

2 Reinforcement of The Purchase Decision

For consumers, when choosing a service provider reputation will always outweigh price. The CCA logo gives consumers the confidence they need.

3 Tell Your Story

Receiving the prestigious Consumer Choice Award opens the door to a world of opportunities. Cutting edge marketing initiatives only available to winners letting consumers know who the best business' are all across Canada.

Our Methodology - How Did We Find You and Your Company?

Since being founded in 1987, Consumer Choice Award has been the only award organization to annually conduct statistically accurate market research to find our winners via independent third parties.

In 2019, we switched from traditional surveys to a company (ASI) that monitors and measures online reputation. Unlike any awards program out there, CCA is able to measure the reputation of our award winners from the experiences of real customers.

ASI (Advanced Symbolics International) uses their state-of-the-art artificial intelligence to provide us with the most accurate consumer information available today. This method ensures that only the most outstanding companies across Canada are the winners of this prestigious award.
